DETAILED ACTION

Claims 1-8 are presented for prosecution on the merits.

Claim Objections

1. Claims 5 and 7 are objected to because of the following informalities: in claim 5, line 8, after "the", the term "said" should be deleted. In claim 7, line 1, the phrase "In a further embodiment of the invention" should be deleted. This would render the language in claim 7 consistent with the language in claim 3. Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. Claim 5 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 5 recites the limitation "the crude rice bran oil" in line 2 . There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

Claims 1-8 are free from the prior art because the prior art does not disclose or fairly suggest Applicant's claimed methods.

Art Unit: 1614

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sen Gupta 4,533,501.
